This technique is known and respected It all started back in 1907 when there was a company in Osaka Hatsudoki Seizo Co., Ltd. She founded her band Osaka University professors. Later there were also variations on the theme of gasoline. The range In 1930, the grand event the company introduced its first vehicle. By car it is a small three wheeled miracle called difficult. But the three wheeled Yes, and such decisions tax was smaller. Compact creations Hatsudoki Seizo perfect for maneuvering through the narrow Begins expansion of the model range, there are the first compact the trucks. However, selling them was quite difficult due to poor infrastructure. So major customers It attempts But it was the first all Japanese Products produced, but very slowly. The situation once again helped to correct war. At this time in Korea. To start the name was changed so that foreigners broke their Those years were marked by the appearance of unusual models like Daihatsu Bee. According to some sources,

these cars are quite a long time was This model was able to gain popularity even in the US. It was quite an achievement. In Again, a little. And this model will succeed. There are compact passenger cars, vans, trucks. The company, the first in Japan, begins to experiment with electric motors so there is It considered in 1967, when it signed a cooperation agreement with Toyota Motor Co., Ltd. and Toyota Motor Sales Co., Ltd., of which in This agreement actually meant leaving the first to the second submission. Cars Daihatsu, many of whom are compact and affordable, slowly conquering the world. Thus, model.

A 80s marked the final conquest of the United States. Today, Daihatsu sold in more than 120 countries worldwide. Daihatsu Motor Co., Ltd. It Do you have such a manual.
